④ Click Next .

【Node-locked license】 How to apply (3)

- ⑤ Select “Create license request” and click Next.

The screenshot shows a window titled "CmFAS Assistant" with a back arrow icon. The main text says "Please select the desired action". There are three radio button options: "Create license request" (which is selected and highlighted with a red box), "Import license update", and "Create receipt". Each option has a descriptive paragraph below it. At the bottom right, there are two buttons: "Next >" (highlighted with a red box) and "Help".

← CmFAS Assistant

Please select the desired action

☒ **Create license request**
Choose this option if you want to create a license request file in order to send it to the vendor of the software.

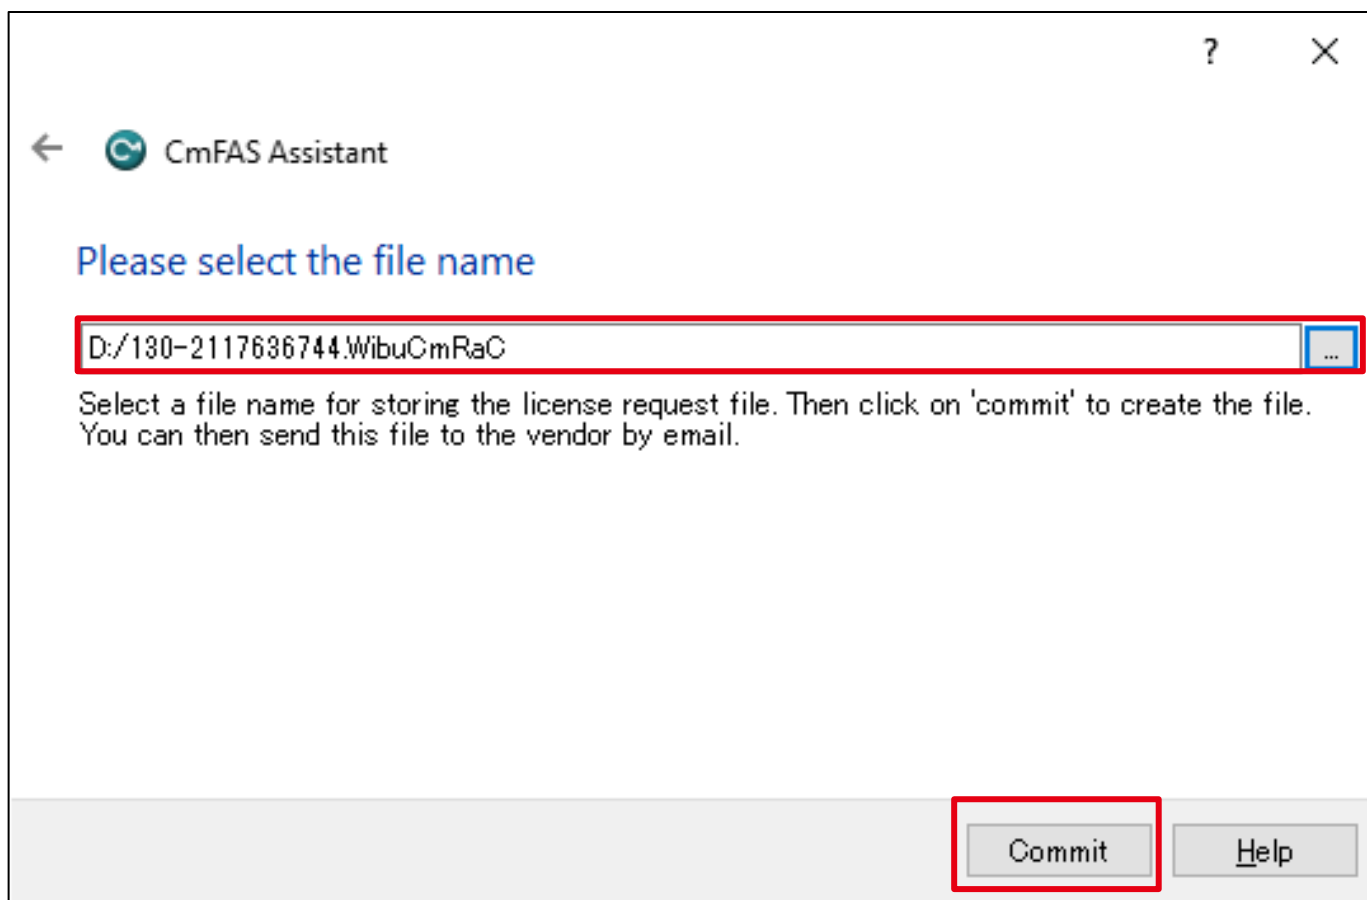

☐ **Import license update**
Choose this option, if you received a license update file from the software vendor and want to import this file.

☐ **Create receipt**
Choose this option if you want to confirm the successful import of a license update file for the software vendor.

【Node-locked license】 How to apply (4)

⑥ Click Commit.

The screenshot shows a window titled "CmFAS Assistant" with a back arrow icon. The main text says "Please select the file name". Below this is a text input field containing "D:/130-2117636744.WibuCmRaC" and a browse button (three dots in a square). Below the input field, there is instructional text: "Select a file name for storing the license request file. Then click on 'commit' to create the file. You can then send this file to the vendor by email." At the bottom right, there are two buttons: "Commit" and "Help". The "Commit" button is highlighted with a red rectangle.

← CmFAS Assistant

Please select the file name

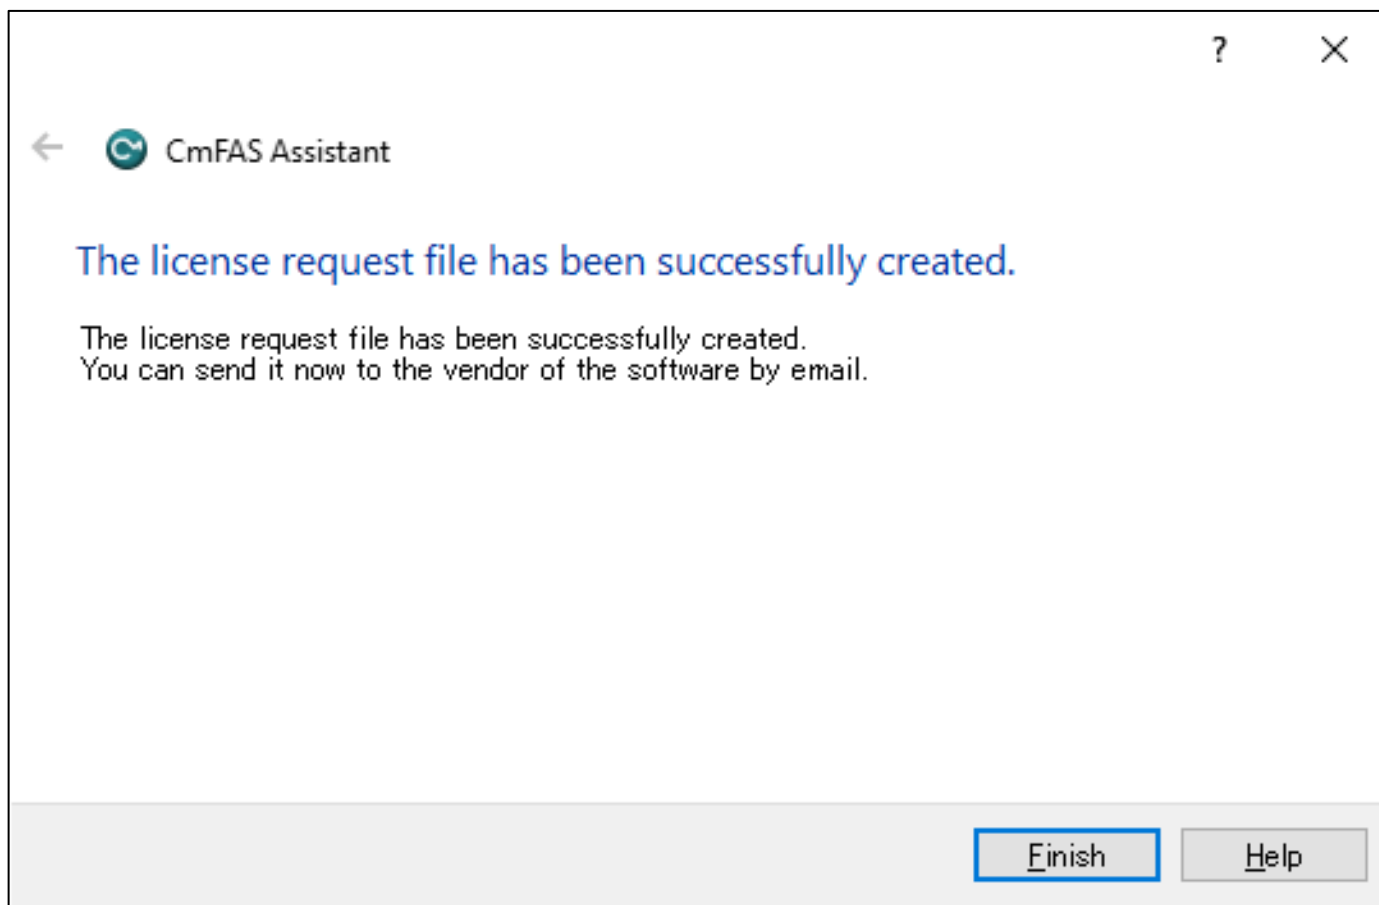

D:/130-2117636744.WibuCmRaC

Select a file name for storing the license request file. Then click on 'commit' to create the file.
You can then send this file to the vendor by email.

Commit Help
